Notes:

► [Unsure if tabs should be used.]

► [~~Submission Progress not present~~]

► ["Message of the day" could be a short description of how the website works, or just a space where admin can post announcements/things]

### Employee Submitted Timesheet History

### Submission History

► Date Submitted, Project ID/Name, Pay Period Dates

View

► [Also will probably look better in table form]

- ▶ Viewing a particular submitted timesheet brings up a view identical to the Timesheet Submission Page, only with the image already displayed and info already entered, and the submit button and browsing files removed.

► [Lots of empty space, image preview might look better on the left]

► [There should be a <sup>table</sup> list of representing the current pay period, so that the employee can enter information for the database]

► [Do we need dates, or do we just need total hours/rate?]

► Browse Button: Leads to harddrive directory for timesheet image selection.

► Submit Button: Takes user back to profile page, and lights node 1 on the workflow progress.

► Cancel & Takes user back to profile page

## Admin Overviews

### Admin Summary (Admin Profile Page)

► Going to include a view of their options on the page.

Timesheets (Pending)

Approve Return

Back

► [The downloadable image should be pulling the image from the database]

► [If approved, email is sent to the ~~employee~~ <sup>vendor</sup> with a generated ~~paystub~~ <sup>invoice</sup>, and once vendor approves the invoice, an email is sent to the employee with a generated paystub]

► [When Approve is pressed, confirmation window pops up to confirm button press]

\* Return Button links/redirects to another page where more information can be provided on the reason for the return.

#### Return Page Interface Mockup:

Reason For Return:

\_\_\_\_\_

Return

► [Once returned, an email is sent to the employee with the message written by the admin, so that revisions can be made]

► [Return cannot be submitted if text field is empty.]

## Admin Profile Page

► Same as above, but with an altered list of links/tabs

- Review timesheets
- Timesheets Approved
- ~~Edit MTD~~
- Tax Forms
- Edit Profile

► [Should there be a way for admins to view database information, like list of employees or total money invoiced]

✦ Lets keep that to owner only for now. Admins should still be able to look at a list of past approvals.

## Admin Timesheet Approval History

### Approval History

► Date Approved, Employee, Project ID/Name, Pay Period Dates

► \_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_

View

► [This will probably be/look better in table form]

► When you view <sup>a</sup>the specific timesheet, it's view is identical to the Admin Timesheet Review, just without the Approve and Return buttons.
